NFT – What does it mean?!

NFT stands for **non fungible token** which in Italian means **gettone non copiabile** that is, **something unique** that cannot be replaced by anything else.
For example, a cryptocurrency can be exchanged for another cryptocurrency while a work of art is unique and therefore non-fungible.

Contract Details

✓ **The rewards** in **Gianky** (10% of the value of the NFT) will be **automatically credited** to the purchasing wallet along with the NFT.

✓ **If the liquidity pool is not created**, the 10% cashback will be given in the form of Gianky Coin **at the rate** of **0,005 Matic Polygon** per Gianky Coin.

✓ **If the liquidity pool is created** for Gianky, the 10% cashback will be given in the form of Gianky by purchasing the equivalent Gianky from the liquidity pool using the **Matic Polygon** received from the purchase of NFT.

(This will allow the value of Gianky coin to increase on NFT sales, and the smart contract of Gianky coin will automatically add a percentage to the liquidity pool - the smart contract of Gianky coin is already deployed.

✓ www.giankycoin.com

Contract Details

✓ **The details of the referral** must be stored based on the NFT token ID. This will help reward the referred individuals even after the NFT sale. (Royalties will be distributed to the same individuals who received referral rewards).

✓ **The value of the NFT** or its rarity is determined by the number of each type of NFT referenced using the specified NFT token ID.

For example: If I purchase **1 diamond** using the NFT token ID 1000, and my friend purchases standard NFT using the NFT token ID 1000, this NFT should have more value during the sale compared to an NFT token ID that references 2 standard NFT.

www.giankycoin.com

Contract Details

✓ **During the purchase of NFT**, the referrals are determined by the NFT token ID. For example, during the purchase of NFT, I input the token ID 1000.
Level 1 reward will go to the holder of token ID 1000, Level 2 reward will go to the holder of the token ID that was input during the purchase of the NFT with ID 1000, and so on.

✓ **The price of the NFT** will be displayed in **Matic Polygon**.

✓ **The count of each type of NFT** addressed by a specific ID should be monitored because you will receive a 100% refund of 1 NFT of the same type if you complete 20 referrals of the same type.

Contract Details

- ✓ **Royalties** of **5 %**, considering this 5% as 100%, 12.5% of the raised amount should be credited to level 1, 8% to level 2, 4% to level 3, and 2% to level 4..

- ✓ **If someone purchases NFT** without entering the NFT token ID for referral, the entire amount of NFT will be credited to the smart contract address of the payment splitter that distributes payments to different wallets.

- ✓ **If someone purchases NFT** using the referral token ID, the remaining amount after the distribution of rewards should be credited to the smart contract address of the payment splitter.

Creation liquidity pool

- **Total supply** of Gianky Coin = **21 Billion**

- **Pre-sale value** of **Gianky Coin** = **0,005 Matic Polygon**

- **NFT with a value higher** than **the number of tokens owned —-> for the airdrop to previous holders** of Gianky Coin
www.giankycoin.com

Phase 2

Those who do not wish to use the referral system - **will have the option to stake** their own **NFT!**

These members will be **credited** with **Token** in their wallet proportionate to the time period during which their NFT is staked.

www.giankycoin.com

Staking

The staking function will **ONLY** be possible for **NFT** purchased from the wallet !

It will not be possible to staking **NFT**s transferred to old holders or transferred in general to the team or promoter !

Percentages (%) will be calculated on a monthly basis but **credited daily** in **GIANKY** Coin !

-Staking Nft **3 month** **10 %** per month

-Staking Nft **6 month** **12 %** per month

-Staking Nft **1 year** **15 %** per month

The network will have the following earnings :

+3% of earnings staking on all 4 network levels.

Why **Invest** Immediately ?!

MARKET in STRONG GROWTH'

POSSIbILITY to EARN both in the short and medium-to-long term

The project **already has a solid network of highly interested users,** so prices will rise quickly.
